*Proceedings of the Chief Commissioner of Mysore, General Department,
26th October 1875.*

From the Deputy Surgeon General, Indian Medical Department, Mysore Division and Ceded Districts,
To the Offg. Secretary to the Chief Commissioner of Mysore, General Department, No. 816,
dated Bangalore, 18th October 1875.

In accordance with verbal instructions received from the Officiating Chief Commissioner, I have now the honor to submit a roll of postings of Medical Subordinates of the Hospital Assistant grade, all of whom are, in my opinion, fairly qualified to hold independent charge of the Dispensaries which the Officiating Chief Commissioner desires shall be constituted without delay in the Province of Mysore.

Division.	District.	Taluk.	Dispensary.
Nundydroog.	Bangalore.	Closepet.	Closepet.
Ashtagram.	Mysore.	Nanjangud.	Nanjangud.
Do	Do	Periyapatna.	Hunsur.
Do	Hassan.	Manjarabad.	Saklespur.
Nagar.	Shimoga.	Kavaleduroog.	Tirthahalli.
Do	Shimoga.	Sagar.	Sagar.
Do	Chitaldroog.	Davangere.	Davangere.

has it in contemplation to place him under the supervision of the Assistant Apothecary attached to the Amrut Mahal at Hunsur, an arrangement which, it may be observed, will require the sanction of the Madras Government and the provision of an allowance for the Warrant Officer exercising the required supervision.

3. A reference to the Surgeon to the Mysore Commission, who is also in charge of the Medical Stores, shews that, with the exception of a few medicines and instruments readily procurable from Bombay, the stores will be able without embarrassment to furnish the Dispensaries referred to, with the necessary supplies.

4. I have further to suggest that, in the event the arrangements proposed being approved, of the opening of the Dispensaries be postponed to the 1st proximo, in order that time may be allowed for the packing and despatch of the Medical Stores, for the securing of fitting house accommodation for the several Dispensaries, and for the entertainment of servants as well as the supply of furniture. The delay moreover is expedient on the ground that, as long as epidemic disease is present in the Province, it is inadvisable to post so large a proportion of the surplus Medical Subordinates to appointments where their services could not be conveniently utilized in cases of emergency.

5. In the annexures will be found (1) a posting roll, (2) a list of servants, and (3) a list of the items of furniture required for each Dispensary.

MEMO.

The following removals and postings are ordered:—

No.	Rank.	Names.	From.	To.

No. 6123—GENL. 141, DATED BANGALORE, 26TH OCTOBER 1875.

ORDER THEREON.—The Officiating Chief Commissioner is aware that the inadequacy of the means at present existing for providing skilled medical aid in those parts of the Province where, owing to the prevalence of fever in a more or less chronic form, such aid has been much needed by the people, has frequently been pressed upon the notice of the local officers, and on the several occasions on which Mr. Dalzell has visited the Districts, his attention has been prominently drawn to the subject. Difficulties have undoubtedly arisen in meeting this want, and apart from the deficiency in the amount of funds which the newly-organized District Fund Committees have been able to assign for the purpose, the principal hindrance to any well-considered project for the establishment of Dispensaries throughout the Province, has been the paucity of Medical Subordinates available for the work. This obstacle still exists, but the Officiating Chief Commissioner considers that, to the extent of the means available in this respect, the need that has been so long urgently felt should be supplied without further delay.

2. On a reference made to the Deputy Surgeon General, Indian Medical Department, that Officer has furnished a list of 7 Medical Subordinates of the Hospital Assistant grade, 4 of the first class, 2 of the second and 1 of the third, whose services can be made available (with one exception) for independent charge of outlying Dispensaries. The exception refers to the 3rd class Hospital Assistant whom it is proposed to place in charge of the Dispensary at Hunsur, but under the supervision of the Assistant Apothecary at

*Proceedings of the Chief Commissioner of Mysore, General Department,
26th October 1875.*

tached to the Amrut Mahal Department at the place. To this arrangement the sanction of the Madras Government will be necessary, as the Assistant Apothecary belongs to the Madras Medical Establishment.

3. The Officiating Chief Commissioner accordingly desires that arrangements will be

1 Waterman	...	...	2 *
Contingencies	...	...	10

* This is simply an allowance for supplying water, as the Dispensary cannot utilize the whole of the water-man's services.

made by the Commissioners of Divisions for opening Dispensaries at the places marginally named, if practicable by the 1st December next; houses being rented for the purpose where suitable accommodation cannot be provided temporarily or otherwise in Government buildings. Furniture should be supplied to each Dispensary in accordance with the list appended to the Deputy Surgeon General's letter, and an establishment entertained on the scale marginally noted.

4. The Medical Subordinates nominated by the Deputy Surgeon General for the charge of the several Dispensaries should be directed to join by the 20th November or as soon after as practicable, reporting themselves at the first instance to the Deputy Commissioners from whom they will receive instructions as to the preliminary arrangements to be made for opening the Dispensaries on a date fixed.

5. The Surgeon, Mysore Commission, will be requested to take steps to transmit such Medical Stores as are available, with the additional medicines and instruments to be procured from Bombay, to the Deputy Commissioners for issue.

6. The pay of the Hospital Assistants and the cost of all other than country medicines will be defrayed for the present, from Provincial funds, while all other charges, including house-rent, pay of servants, contingencies as well as the travelling allowances of the Hospital Assistants will be met from District funds. In the case of Municipal towns, a quota of the local charges should be borne by the Municipality in the proportion of one-third of the whole, and the necessary allotments for this purpose should be made in preparing the Municipal Budgets for 187-77—these charges being meanwhile defrayed from local funds.

7. The Commissioners of Divisions will submit without delay, re-appropriation statements providing for such expenditure as will, under the above instructions, have to be met from the District funds for the current year.

8. With regard to the Dispensary building required to be built at Closepet, Chikballapur, Kunigal, Saklespur, Tirthahalli, Davangere, the Officiating Chief Commissioner desires that the Commissioners of Divisions will submit to this Office the estimates for these buildings, the plan of which should comprise merely the Dispensary, consulting and waiting rooms; and the cost of which will be provided for in the Budget for 1876-77.
